

PARABLE OF THE SEED AND YEAST

READ
LUKE
13:18-21

What does it
mean?

Jesus compared the kingdom of God with a mustard seed and yeast. He was explaining how his kingdom is growing! It started with Jesus and his 12 disciples and has grown and grown! Just like a small seed that grows into a huge tree. We can help the kingdom to spread to other people by telling them about Jesus and living in a way that will point people to Jesus. How could you do that this week?

Game

The tiny seed grew into a big tree!
How many different types of leaves and grass can you find? Race against a parent or sibling and see who can find the most!

Experiment!

You will need: plastic cup, bicarbonate of soda, vinegar.

The mustard seed and the yeast grew huge! Let's do this experiment to see what else grows huge! Put a few millimetres of vinegar in cup and add a teaspoon of bicarbonate. What happens?

Activity

Do you have any seeds or yeast? Plant a seed or bake some bread and as you do so think about the story and chat about it with the people at home.

Spend some time thanking God that his kingdom is growing and more people are coming to know him. Ask him to help you to play your part in helping it to grow.

Pray

Song

King of me- Rend Co Kids

I love how it mentions different people in the Bible that God helped and how he promises that he will do the same for us. He is the king of the giants and the lions and he wants to be your king too.
