Can you find where in the Bible Saul is first referred to as Paul?

Hint- It is in Acts 13....

## Read Acts 11:25-26 and 13:2-4

Paul wanted to tell the world about Jesus! He travelled to many places to preach about him, sharing the Good News. He went on many adventures but Paul faced dangers whilst he was travelling. In some places he was not welcome and the people there wanted to hurt him. Can you unscramble the words to find out what some of the dangers he faced were?

In some of his letters Paul describes the Christian life as being a running race. He describes himself and all Christians as the runners in this race. Can you find some of these verses?

- 1 Corinthians 9:24
- Galatians 5:7
- Philippians 3:13-14

When runners are in training for a race they train lots to make sure they are ready. They look after their bodies. Paul was committed and dedicated to telling people about Jesus, just like a runner is to their race.

## Activity

Challenge someone to a race!

## Prayer

Dear God, Thank you that you are with me. Please help me to be bold and committed to tell people about you, just as Paul did. Amen
